SOUTHOLD TOWN'S TRICENTENARY CELEBRATION

Formal opening of the "Old House" on July 1st, 1940.

This house is acknowledged to be the oldest house in New York State of English origin. Erected in 1661 at Cutchogue, L. I., by Benjamin Horton.

Cutchogue, L. I., N. Y., January 27th, 1941.

Greetings to all my Friends and Customers:

This, my catalog for 1941, goes out to you with my very best wishes for a Prosperous and Happy New Year.

There are many items, such as Carrot Seed, Cauliflower Seed, Onion Seed and Spinach Seed, that are extremely short this year due to war conditions abroad.

We have a good supply of nearly all kinds of seed to start with but ask your patience with us if we get short of some kinds later in the season and have to advance our prices accordingly.

I strive each year to get the very best stocks of seed and raise the best plants and nursery stock possible and sell as low as possible considering quality. Your success means everything to us and that is what we keep in mind at all times.

Thanking you for your patronage and asking for your continuance of confidence in Sterling Standard Seeds and Plants, I remain,

Sincerely yours,

RALPH W. STERLING.

Our new Lord & Burnham Greenhouse - The Sterling Flower Shop.

[illegible]

If any of your friends or neighbors want one or more catalogs let me know. I will do the rest. TRUE TO NAME. While we use every precaution to have all plants, seeds, etc., true to name and of strong vitality, we will not be responsible for any sum greater than the cost of the order should any prove otherwise than as represented.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz., and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE:—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one will you kindly pass it on to someone interested. Thank you.

NOTICE—I do not warrant in any way, express or implied, the description, quality, productiveness or any other matter pertaining to any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop.

However, all complaints are carefully looked into and I try to adjust them satisfactorily to all.

Seed Department

"Burpee's Seeds grow and are the best that grow." We carry Burpee's Garden and Flower Seeds and you can purchase them from us as reasonable as you can get them elsewhere, and sometimes much cheaper.

"STERLING STRAIN"

Follow the mark of "Sterling". We are always looking for the best strains of seed and where we find a superior one we place the sign of "Sterling" on it thus (S). All other seeds listed are direct from Burpee unless otherwise noted.

Paradise

ASPARAGUS SEED

1. MARY WASHINGTON (S). Re-selected, Pedigreed Seed. Blight proof, of highest quality and heaviest yield. Pkt., 10c; 1 Oz., 25c; ¼ Lb., 75c; Lb. \$2.50. Post-paid.

Mary Washington 1-year and 2-year old roots, grown from Re-selected Seed. These plants made a wonderful growth last year.

2. PARADISE. Sensational NEW, early maturing variety. Produces normal crop ONE YEAR EARLIER than other varieties and produces heavier throughout its life. Large, crisp, tender stalks with exceptionally fine, mild flavor. Is as strongly rust resistant as the Mary Washington variety. An excellent variety for home gardens, commercial growers and shippers. Pkt., 25c; 1 Oz., 50c; ¼ Lb., \$1.50.

See page 51 for prices on Asparagus Roots.

Delhi, N. Y., Jan. 4, 1941. Please send me 4 oz. of your genuine Blue Ribbon Sprout Seed. I got 3 of you last year and did not have enough plants so bought some of another strain and they did not have any sprouts on them worth picking. The Blue Ribbon had most wonderful sprouts, never had nicer sprouts since I began to grow them.

Should have sent my order before now. Can send any time you wish between now and March 1st.

Margaretville, N. Y., Oct. 17, 1940. I had 10 oz. of Sterling Blue Ribbon seed this last Spring and they turned out unusually well. I raised about 35,000 plants which supplied two of my neighbors as well as myself. One of my neighbors and myself have received two and three cents premium all season. We are getting fifteen cents per quart at present.

There are a great many fields around which have been picked very little or none, due to cheap seed. H. F.

Peconic, N. Y., July 8, 1940. Have the finest Sweet Peas we ever grew. Used Burpee Blend mixture. Stems are 12 in. long and 3 or 4 blooms on a stem. C. T.

Jamesport, N. Y., Sept. 15, 1940. The three types of hybrid sweet corn seed I purchased from you this summer were satisfactory in every respect. The corn grew readily and matured perfectly and was in great demand.

The Marcross variety was especially fine. The ears were filled to the very tip, of generous size, with a flavor of uncommon excellence. The demands far exceeded my supply for this variety. It will mean a much larger order for seed next year.

Will have a fine lot of Pepper Plants in season. All kinds.

PEAS

THOMAS LAXTON, BLUE BANTAM, LITTLE MARVEL, WYOMING WONDER, CARTER'S DAISY and TELEPHONE are the gardener's favorites for table use and for canning. Sow these six kinds together and they will follow each other through the season.

World's Record, Gradus, Thomas Laxton and Laxton Progress are the four kinds used for market. The prices quoted below for bushel lots are cash prices. Add 50 cents per bushel for time. Even though Peas do not pay as a market crop, the vines make fine green manure for Cauliflower, Brussels Sprouts and late Limas.

We will treat our Pea Seed with Cupricide if desired. Ask for it. Cupricide keeps the seed from rotting in cold ground.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice.

Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover use 15 to 20 Lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, re-cleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal, Vigoro or our New Agrico Special High Analysis fertilizer. Use three inches of top soil or humus if too light.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

We will do your grading and seeding for you at a very reasonable cost. We would appreciate a chance to figure on your job.

For a good, permanent lawn, use 1 Lb. lawn seed to 400 sq. ft. 80 to 100 Lbs. to the acre. For reseeding an old or poor catch, use half that amount. For quick results use 1 lb. to 200 sq. feet.

Bloomville, N. Y., Nov. 6, 1940. I grew 3 acres of Blue Ribbon Brussels Sprouts this year and harvested 500 32 qt. crates.

I cover each quart of my Sprouts with cellophane, and with my name on each quart also, I secure the highest prices.

Will want 16 oz. of seed for 1941.

You are invited to come and look our shrubs over, as we are trying out many new kinds every year. The above are large clumps, balled and burlaped. Do not confuse these with the small whips advertised for a song. We have extra large shrubs at higher prices, and sometimes smaller ones for less money.

Cutchogue, N. Y., July 22, 1940. I planted 1 bu. of your World's Record Peas and had the most wonderful crop I ever saw.

We picked 200 bags from the bu. of seed and made \$90.00 clear money after all expenses were paid.

STRAWBERRY PLANTS — Sterling Quality

My Strawberry Plants are raised on fresh ground and well fertilized. They are well rooted, healthy and true to name.

The Dorsett and Fairfax are unexcelled for quality and the Catskill is considered the best mid-season. Premier is the surest cropper.

All plants are from a new bed. No old plants are ever sold by me.

	25	100	300	1000
PREMIER or HOWARD, No. 17. The best kind I have ever tried for market. Begins to ripen early; large, long red berries, and keeps right on through a long season and keeps its size and color well, right up to the end of the season. Plants from new stock.....	\$.25	\$.80	\$2.00	\$6.00

PARADISE. The new early maturing, fine quality asparagus	\$.30	\$1.50	\$12.00
MARY WASHINGTON. One-year-old roots. From re-selected seed. This kind is the largest, most productive and finest flavored Asparagus yet developed. Very high branching, which makes it the best for cutting green. Rust-resistant20	1.00	8.00
MARY WASHINGTON. Selected, 2 yr. old roots....	.40	2.00	16.00

Set out Sterling Grown Roots this year, about six inches below the surface of the ground, cover with two inches of soil. As the plants grow up, fill trench with well-rotted manure and more soil, and some good garden fertilizer on top of that. Do not put fertilizer next to any kind of root or plant if you want them to live.

If properly taken care of you can cut your bed the following Spring until June 1st, letting it grow up after that and giving it more manure, feeding it well after letting it grow up.

Real Estate Department

I have many choice lots, plots, houses, bunaglows and farms on my lists for sale and for rent. If you are interested in Eastern Long Island Real Estate, get in touch with me at your earliest convenience.

I am always willing to consult, advise or act as your agent if you are desirous of buying or renting out this way.

I am a Licensed Real Estate Broker and have been buying and selling Real Estate since 1926.

NASSAU FARMS

60 acres laid out and developed by myself. There are thirty-five houses and bungalows already built and occupied not only in the Summer time but some of them are year round homes.

6 large water-front lots, 70 ft. or more frontage on Bay Avenue and Baldwin's Creek and over 250 ft. in depth. These lots overlook Peconic Bay and face the west where the prevailing winds come from. The waterfront has been improved. Sandy shore and good depth of water, in front of the lots. Priced at \$900.00 each.

7 acre plot with large pond and island with rustic bridge. There is a good windmill suitable for irrigation or connecting with running brook and a goldfish pool. Also a stone fireplace in a fine grove of oak and cedar trees surrounding the pond. About five acres of this plot are clear. Soil is good gardening soil suitable for beans, peas, cauliflower, sprouts and such like crops. Chinese elms, fruit trees, asparagus roots and blackberries have been set out on this plot in great numbers.

Have priced this beautiful plot with frontage on two town roads and only a few hundred feet from Peconic Bay for a quick sale at \$6,500.00.

A large map showing location, size and price of all the lots and plots on Nassau Farms can be had for the asking. Ask us for one.

5 acre plot of good soil, suitable for any crop. This plot has 70 ft. of frontage on Bay Avenue. 20 ft. on Baldwin Creek and is very reasonable at price of \$3,000.00. Good terms can be arranged on all the above pieces of property.

2 large plots on Lilac Lane and Sterling Road. Some of this property is wooded and some is clear land. From 150 to over 200 ft. in depth. Your choice of any part of these two plots at \$5.00 to \$7.00 per front foot. Nothing less than 60 ft. front sold.

HURRICANE HALL

This is the old Horton House, built over 200 years ago. I have had it moved to higher ground and rebuilt so that it is a very well built house and ready for occupancy.

Instead of giving a full description of this old salt-box type house I am extending to any one interested an invitation to stop in and look the place over.

The house stands on a large plot of ground, 140 ft. on Bay Avenue and over 240 ft. in depth. And it also includes 70 ft. of frontage on the improved waterway across Bay Avenue on Baldwin's Creek, leading out and overlooking Peconic Bay.

There is also a five acre plot adjoining that can be included with Hurricane Hall making nearly 6 acres in all.

Have priced Hurricane Hall very low this year and have made the price on the whole plot containing nearly six acres of good land at a very attractive price. Ask me for price, terms, etc.

STERLING INLET AT NASSAU POINT

Three large lots at Nassau Point, Nos. 224, 225 and 226. These lots front on Wunnewetta Harbor on the west, and there is good depth of water from these lots to Peconic Bay. Each lot has more than 100 ft. frontage on the water and over 300 ft. in depth.

Large oak trees cover the whole plot and there is a small pond in the center. The combination of high ground and low ground makes this plot one of the potential beauty spots of Nassau Point.

The three lots are to be sold in one large plot only, not separate, and I have priced them at \$5,000.00. One third cash. Balance at 5% if desired.

Have the sale of 5 large wooded lots near Sunset Bluff in Broadwaters. A wonderful view and a good harbor makes this plot another outstanding buy. Also a large corner lot just back of Sunset Bluff near the Cove.

Beautiful lot on Peconic Bay at Nassau Point. 100 ft. on the Bay and over 300 ft. deep. Priced at only \$3,500.00. Here's a bargain.

CARRINGTON PARK AT NASSAU POINT

Ten large lots near Horseshoe Cove, and Wunnewetta Harbor, Four of these lots, Nos. 421, 422, 423 and 424 are located on the east side of Little Peconic Bay Road and are wooded, with good elevation and I have priced these four at \$500.00 each or the four for \$1,900.00.

Six of the lots at Carrington Park are west and north of Vanston Road. They are well wooded, high and very near the Cove, as fine inside lots as can be found anywhere. Your choice of any one of these six lots for \$750.00. You can best appreciate these choice lots by looking them over.

Have the sale of 12 adjoining lots to Carrington Park. Lots No. 400 to 404 inclusive, and 414 to 420 inclusive. These lots overlook Wunnewetta Pond and Peconic Bay. Priced right for a quick sale.

COUNTRY CLUB PARK AT NEW SUFFOLK

A 20 acre wooded tract overlooking Peconic Bay and adjoining the North Fork County Club Golf Course on the north.

This tract fronts on New Suffolk Avenue where there are many

beautiful Summer homes. There are many choice lots along this Avenue to choose from and they all have free access to the Bay as there is a 33 ft. roadway leading direct to the Bay owned by the same people who own Country Club Park, and the right to use this roadway to the beach and Bay goes with the title to your lot.

Here is a chance to own a large wooded lot of practically the same value as a Bay Front lot without the worry and expense of bulkheads, loss of property with high tides, and the lots are priced at about 25% of the cost of a waterfront lot.

You can purchase as much road frontage as you want at a very low price per front foot, but not less than 65 ft. for each home. The depth of the lots is 150 ft.

There are several choice lots on Moore's Lane on the west side of this property and on each side of a three rod road laid out through the center of the plot and connecting New Suffolk Avenue with the North Fork Golf Course. These lots are very attractive and can be purchased for less money than the front lots and with all their privileges.

Write me for prices and pictures of all these attractive lots.

5 GOOD FARMS
